

2024 ANNUAL REPORT

A MESSAGE FROM OUR FOUNDER

Doreen Perks

The Bob Perks Fund - Bigger and Better

The year 2024 has been a remarkable journey for the Bob Perks Cancer Assistance Fund (BPF). With a renewed sense of vigor and an unwavering commitment to our mission, we have surpassed our pre-Covid growth phase and are now serving significantly more patients than ever before. Last year was a record year for the BPF with allocations surpassing \$367,000, almost \$100,000 over 2023's total.

Our team's hard work as well as community support have made our expansion into Mifflin and Juniata counties a huge success. With help from our Strategic Partners in Girls Night Out Altoona, Inc., we are hoping to continue that expansion in 2025. This move aims to ensure that more cancer patients have access to the support and resources they need. We are placing the groundwork to make this a reality, and we are confident that, with the same spirit and determination, we will achieve this goal.

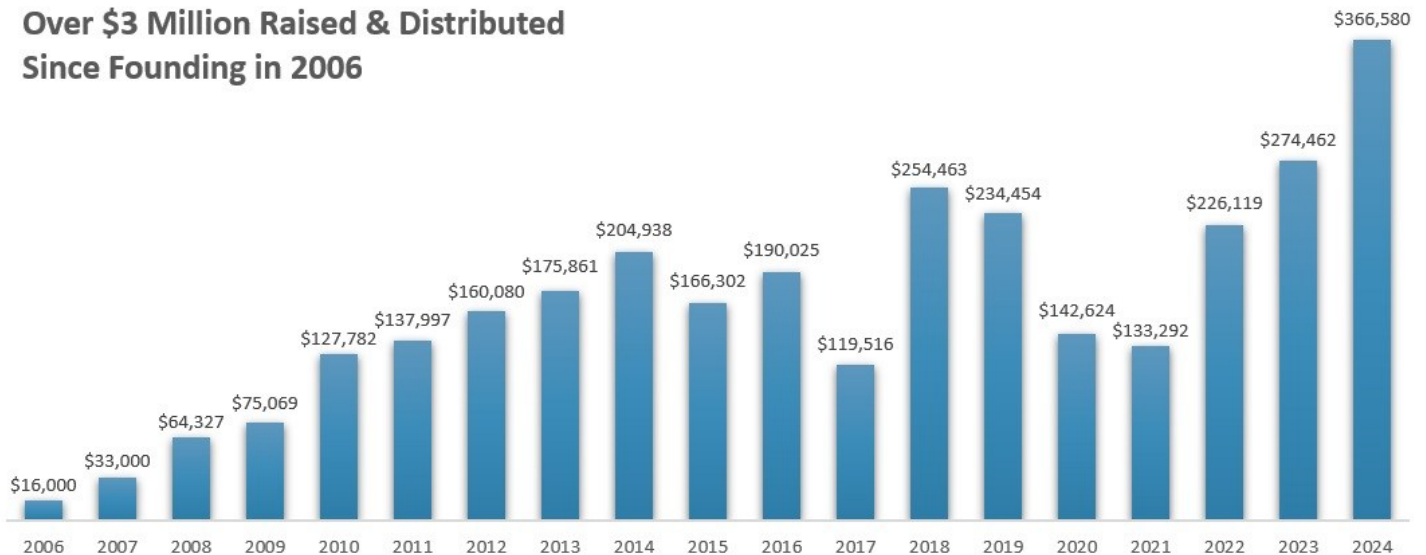

Our continued growth can be attributed to many factors. Our dedicated Staff and Board of Directors ensures that operations run smoothly, and applicants receive timely support. Strategic Partners, Special Events Partners, and Event Sponsors provide essential funding. The community provides invaluable support for our events and our programs.

Thank you all for your contributions. With your help, we look forward to supporting more and more cancer patients every year.

HISTORY AND VITAL MISSION

The BPF was established in 2006 in memory of Bob Perks, a State College native, who passed away in 2005 after a long battle with melanoma. A Penn State baseball player and a founding member of Penn State Coaches vs Cancer, Bob died at age 42, leaving behind his wife Doreen and two young boys. To fulfill Bob's commitment to those battling cancer, Doreen and Bob's family, friends, and colleagues established the BPF for cancer patients to receive support while undergoing treatment, making it is a lifeline to pay for their most basic living expenses.

Over \$3 Million Raised & Distributed Since Founding in 2006

SERVICE, GROWTH AND DEVELOPMENT

In 2024, Bob Perks Cancer Assistance Fund served cancer patients in the six central PA counties of Blair, Centre, Clearfield, Huntingdon, Mifflin and Juniata. A cancer diagnosis often means a patient must undergo life saving treatments, which may lead to the patient being too sick to work. If a patient finds themselves facing serious financial hardships because of their cancer diagnosis, Bob Perks Fund is there to help by paying basic living expenses such as rent, utilities, heat or groceries, and by providing gasoline to get to treatment. Due to a sharp rise in inflation and the costs of goods, in February 2024, BPF increased each cancer patient grant award to \$1000, from the previous amount of \$750. Patients may continue to reapply as often as every 90 days, if they are still undergoing cancer treatment, up to a limit of \$5000.

Each year, we continue to assist more and more cancer patients. In 2024, BPF had another record-breaking year. We were able to help 464 cancer patient applicants and their families with an overwhelming \$367,000. Never before in our 18-year history have we raised and given away so much money to local cancer patients. We owe a debt of gratitude to our referral sources for their continued support of the BPF mission as they collaboratively work to help their patients heal physically and emotionally from their disease. It takes extra time and compassion to fill out applications and communicate with BPF on behalf of their patients, and we are grateful for their care and consideration.

As we continue to strive for ways to improve our ability to assist our friends and neighbors who are battling cancer, we seek new and innovative ways to fundraise enough donated dollars in each county to equal the financial support needed for that county's cancer communities. Without the help of many partners, we would not be able to sustain our mission long-term. One of our goals for 2024/2025 is to be able to expand our services into a seventh county. As 2024 came to a close and we rang in 2025, we began in earnest, the fundraising to be able to support Bedford County as the seventh county in the BPF service area. Watch for the announcement of expansion to Bedford County in the upcoming weeks.

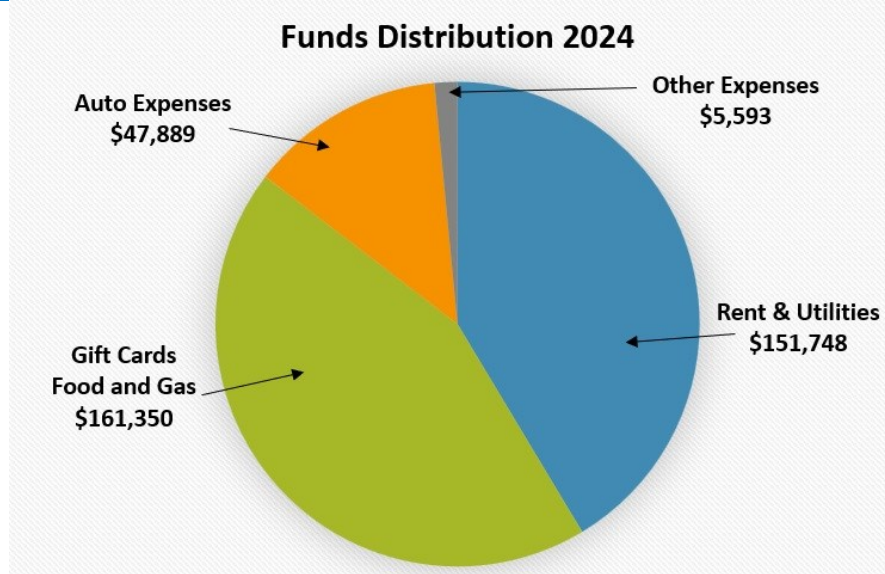

Since our humble beginnings in 2006, BPF has never turned away an eligible applicant for financial support. We have given almost 6000 applicants three million dollars in our 18 years of operation.

The following chart represents a breakdown by county of the number of patients receiving financial support from BPF in 2024:

Blair	Centre	Clearfield	Huntingdon	Mifflin	Juniata
158	101	69	81	44	11
Total Applications in 2024 = 464					

The graph at the top of the next page illustrates the five categories of basic needs. Our ability to assist local cancer patients is completely dependent upon fundraising and collaborative relationships with our referral sources. Without their support and commitment to our mission, the BPF would not exist.

ACCOMPLISHMENTS AND NEW FUNDING OPPORTUNITIES

STRATEGIC PARTNERS

In 2024, BPF was extremely fortunate to receive major financial support from 11 Strategic Partners who played an important role as donors and ambassadors of our mission. Without their steadfast devotion to our cause and their generous, ongoing patronage, our efforts to assist struggling cancer patients would be severely diminished. Our heartfelt thanks to our Strategic Partners for their long-standing commitment to our local cancer community.

SPECIAL EVENTS PARTNERS

Most of our Special Events Partners have a long-term relationship with BPF. Our Special Events Partners agree to sponsor our annual events. In return, their sponsorship is publicized throughout the year. Their unyielding dedication to our mission is truly appreciated.

Our friends at Cove Cause for Cancer held a 200 Club Drawing on March 2, 2024. This exciting event provided attendees with dinner, drinks and numerous chances to win, including a basket raffle, rip tickets, and the cash drawing. Since our partnership began in 2019, Cove Cause for Cancer has donated over \$75,000 to help cancer patients in southern Blair County focus on their treatment and recovery rather than their bills.

We are incredibly grateful to UPMC Altoona for continuing as a cherished Bob Perks Fund Strategic Partner. UPMC Altoona generously awarded BPF \$20,000 to continue to support cancer patients in Blair County. TESTIMONIALS

Thank you for the gift cards, and also for paying our light bill. They really helped us. It makes us feel good to know there are people who care and take the time to help us. Thank you for everything.

-Blair County cancer patient & BPF recipient

Thank you for being so thoughtful, kind, and compassionate. You went above and beyond to soften the enormous amount of stress on my family with the news of my cancer diagnosis. It's easy to see how much you care about the people you help in a time of hardship. I'm so grateful to be one of them!

-Centre County cancer patient & BPF recipient

We can't thank you enough for the gas cards and food cards. At a time like this, it really eases some of the burden of five trips a week to State College. Plus, we are on a fixed income, so the food cards are perfect, too. Your organization is a godsend for many cancer patients, I am sure.

-Huntingdon County cancer patient & BPF recipient

I would like to thank you very much for your generosity in paying my electric bill and the Weis/Sheetz gift cards. It is an enormous help in paying for gasoline and groceries.

-Juniata County cancer patient & BPF recipient

We had six weeks of devastating reports. Then came the medical bills, the insurance coverage games to navigate, the life plans to rearrange, the stress to manage. The Bob Perks Fund's assistance has allowed us to exhale a bit, to realize a helping hand we weren't expecting, but so wholeheartedly appreciate. We thank you for this great kindness.

-Mifflin County cancer patient & BPF recipient

My wife and I want to give you folks a heartfelt THANK YOU! Your helping with a couple bills and the gift cards were a godsend. Thanks again for everything!

-Centre County cancer patient & BPF recipient

I cannot say enough about the BPF and what they do for our patients. Cancer affects so much more than a patient's health. So many of our patients struggle with financial toxicity caused by their cancer diagnosis. Many times, patients are uninsured, or no longer able to work due to their cancer diagnosis leaving them with little to no resources. BPF has been a true blessing to those very patients, helping with utilities, rent, groceries, and gas. Many patients struggle with simply being able to afford the gas to make it to their cancer treatment. BPF makes it possible for those patients to have peace of mind that they no longer need to worry about how they will afford gas to get to their treatment. Helping take the financial burden off of patients allows them to focus more on their treatment and wellbeing. BPF helps make this possible!!! Thank you BPF for your assistance in making our patient's cancer journey just a little bit easier with your support!
